My Great Experience

5/5 - Mark Published Apr 2022

In my experience, rarely if ever is a vacation locale, setting, house style, amenities and current condition so completely matched what is described on line in words and pictures. La Villa Bella cannot be beat for comfort, beauty and spirited staff; it was a joy and difficult to leave behind. All four bedrooms were lovely and efficient, and with 3-4 common rooms to enjoy, our gang of seven felt as ease throughout. I can't recommend the place enough.

Beautiful

The gorgeous pictures of this property don't do it justice - it's even more stunning in person. We visited with our family and played at the beach every morning and afternoon, and swam in the pool. The perfect place to reconnect. The meal plan made everything so simple and the food was delicious. I would highly recommend this property and location for a family trip.

Great getaway for family surfing and sitting pool side
5/5 - Brandon C. Published Mar 2, 2022

Our family of five spent five days in the compound and never left. We had breakfast, lunch, and dinner prepared for us each day by Chelo, sat pool and beach side, and surfed the 2-3 foot waves everyday. The beach has a large sand bar, which is nice for kids and even adults to learn to surf on. Internet - each house has its own satellite Internet connection with wifi. The wifi worked for us in the main room and pool area. Also, it should be noted that Verizon or roaming Verizon does not have service at the house, but has 3G at the beach. The Internet is slower than your typical Wifi, but works. We look forward to returning next year.

Villa Bella is one of about 15 villas perched up on a large bluff surrounded by ocean waters. one side of the bluff you will find stairs leading straight into the ocean water. you can cross the water inlet (usually with the low tide the water goes unto your waist height) to the playa de tortuga. This is where you can let the sea turtles out to the ocean from the turtle preserve. On the other side of the bluff is about a 10-15 minute walk to a very quite sleepy little beach town called Plantanitos. A few restaurants and a mini mart. We were the only visitors on the beach for a few days but def gets busier on the weekends. Chilo and her assistant helped cook all meals everyday. The meal plan was an additional cost but incredible value for what they do. Homemade from scratch every meal every day. The house was perfect. An architectural masterpiece. The house has a private pool and hot tub (you will need to ask the maintenance guys to turn the heat on for hot tub). Then the property also has a larger community pool right under a big beautiful tree at the tip of the bluff. This villa is not facing the ocean but in the center of the other villa's that line the beach. It is nice as it is quieter and you still have a small view of the ocean from the master and on the second floor. This was truly a special place and I plan on taking my family annually!

Excellent property. Exceeded expectations.

The house, property, and surrounding beaches were perfect for our relaxing vacation. We had an excellent stay and will definitely return. The beaches are amazing. Chelo was available to cook occasional meals and prepared delicious cerviche. She was incredibly helpful with local information and our group really appreciated her.

**Amazing house, location, and chefs!
5/5 - Amanda W. Published July 2021**

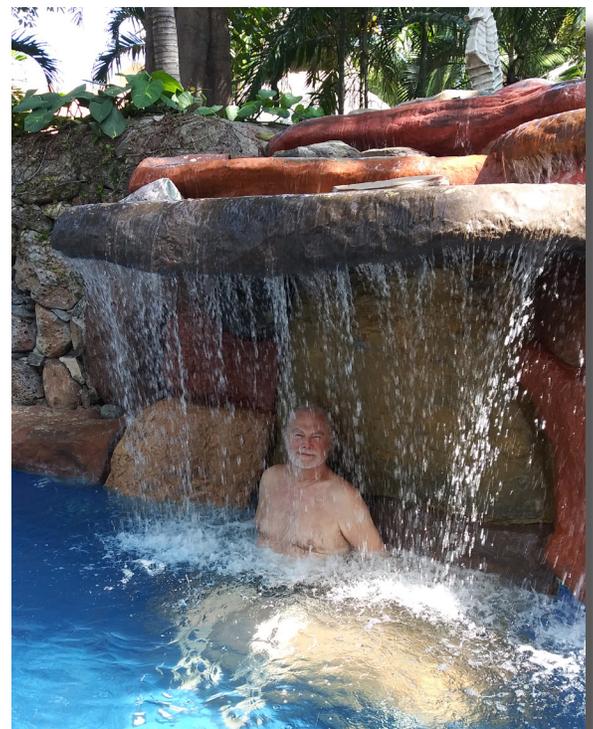

From beginning to end of our 5 day stay, everything this property and chefs had to offer was above and beyond! We had a total of 3 couples and there was plenty of space for all. The pool is very relaxing and all of the areas of the house provides a tranquil environment. Chelo and Jasmine, the maids/chefs were absolutely amazing and also made authentic, homestyle cooked meals for the entire length of our stay. One of our friends has very serious food allergies and they were able to accommodate so she could enjoy the home cooked meals too.
5 stars, 2 thumbs up, everything was wonderful about staying at this house! Definitely looking forward to visiting again.

**This house, the staff and the location exceeded our expectations.

We returned home on Saturday from La Villa Bella, :(I didnt want to leave! Its hard to write a review when you have so many great things to say and not sure how to express how grateful and happy we are but I will start by saying that this house, the staff and the location exceeded our expectations. The house is beautiful, big and SUPER clean. The pool is amazing, the gardens, the views, everything! But the best part, Chelo, Jazmin, Nilo, they treated us like part of their family!! Thank you for everything guys That kind of care and attention you wont find in ANY resort. Also a shout out to Luis, Don Lupe, Yesenia and everbody who made sure we had a great time. Also a big thank you to Jossie who was always in contact to make sure we were ok and having a good time. Thank you again Nilo for the wonderful time my family and myself had visiting the beach and different places and for opening your house to us and my kids will never forget the warmth and welcoming they felt from you and your family. My kids enjoyed touching the frogs, the geckos, the lizzards and ebeb a crab! That visited the grounds We loved the food, that is prepared with a heart, thank you for the tunas (prickly pears) that you heard me saying I was craving! The fresh coconuts that Luis got for us, the mangos, the real and fresh orange juice every morning (being Mexican living in Canada, I sure appreciate the delicious real oj) Having a conversation to people in our own language was amazing! It made me forget how homesick I can get sometimes Thank you again Chelo and Jazmin for cooking special things for my picky daughter I cant wait to go back although next time will be in Winter as my husband couldnt deal with the heat! :) Unfortunately, and this has NOTHING to do with Villa Bella, the tide was to high to cross to playa tortugas but Nilo to the rescue again! Not sure what else I can say to convince you to visit La Villa Bella, im sure you will fall in love like we did. If you like night clubs and party, perhaps Punta el Custodio is not for you but if you are looking to rest, recharge and enjoy your family dont wait and book!!! Thank you Jossie!
